Taxpayers may **NOT** choose to pay the tax at the end of the year. The only exception granted is Earned Income or Net Profits that total less than \$5,000 in the current year. A taxpayer in this category may elect to pay the entire tax due at the time the Final Return is filed.

Quarterly estimated payments must be filed by all residents whose taxes are not withheld by their employer at a rate of 1% or more and by all residents who are self-employed. It is the taxpayers' responsibility to make sure they receive their quarterly forms and make quarterly payments on a timely basis. All taxpayers are required to meet 80% of their total yearly tax liability through quarterly tax payments. Failure to meet this requirement will result in penalty and interest on the amount of the underpayment at a rate of 1% per month from each quarterly due date for which the tax remains unpaid.
