

Upper Dublin Township House Number Ordinance

Upper Dublin Code section 76-3. Display required. [Amended 1-10-1995 by Ordinance Number 879]

Every owner and occupant of every building in the Township shall display the street number of the building, either on the building, upon a lamppost or a signpost provided for the purpose of displaying the street number in such a manner that the street number can be read during daylight hours from the road or street by persons of normal vision and shall be located and maintained so that the view thereof is not obstructed. Street numbers shall not be displayed on curbside mail boxes unless also displayed on the building or upon a post as hereinbefore provided. Identification shall be in Arabic numbers and not less than three* inches in height.

PLEASE NOTE:

Although the ordinance only requires numbers be three inches in height, the Township Fire Marshal recommends that house numbers be four inches in height and one-half inch wide. The Township may change the ordinance to those standards at some point in the future.
