

October 2025

Dear Customer,

We previously communicated with you in September 2025 that this project was delayed. This project will now begin in mid-November 2025.

We are contacting you about the upcoming project occurring in Upper Dublin Township that will enhance the local electric distribution system. This project is a \$295,000 infrastructure investment in your area to help withstand more frequent and damaging storms, improve reliability by reducing the frequency of outages that cannot be prevented, and support the adoption of cleaner energy resources such as solar and electric vehicles.

**What you'll see during this project:**

- A machine will be used to install new conduit as well as new underground electrical cable throughout your neighborhood.
  - Any impacted portions of yards or streets will be restored.
- New equipment, including pad-mount transformers could be installed or replaced as necessary.
  - These devices are necessary to reduce electric voltage throughout neighborhoods and require several feet of clearance to allow for future maintenance.
- Work will occur along Susquehanna Road, Cedar Road, Forest Creek Road, Meadowbrook Avenue, and Douglas Street.
- Construction is scheduled to begin mid-November 2025 with an estimated completion of late January 2026.
- Work will be performed by PECO crews and qualified PECO contractors.
- We have developed a plan to minimize direct customer impact as much as possible and to complete the project in a safe and timely manner.

Crews may need to temporarily interrupt service to safely complete some of this work. We will work with local residents to ensure they are informed in advance of our activities and any planned interruptions. To ensure you receive all outage updates, please confirm that your phone number is accurate in our system through MyAccount at [peco.com/myaccount](https://www.peco.com/myaccount) or by calling PECO at 1-800-494-4000.

If you have any questions regarding the details of this project and how it may impact you, please contact Brianna Ferrell, Customer Liaison, at [Brianna.Ferrell@exeloncorp.com](mailto:Brianna.Ferrell@exeloncorp.com).
