

# Fort Washington Office Park

## THE REINVENTION OF A CLASSIC

The Fort Washington Office Park is in the midst of a major reinvestment program – improving the infrastructure, attracting exciting, new uses and creating market opportunities.

Fort Washington Office Park’s highly accessible location at the intersection of the Pennsylvania Turnpike and Route 309 is central to its attractiveness as a key business site within the region.

Fifteen miles from Center City Philadelphia, in the heart of eastern Montgomery County, the Office Park offers unparalleled access to the Delaware Valley and the Mid-Atlantic region via interstate highways and public transportation.

Large-scale public works projects are underway and rezoning has occurred, as the next chapter unfolds. Along with these improvements, new offerings are available for businesses, while opportunities are emerging for developer/investors.

---

## A LEGACY

When the pioneering Seltzer Development Corporation first broke ground in 1955, this 536 acre site was one of the first suburban business parks in the Philadelphia region. An innovative new land use at the time, this campus-style setting accommodated the changing facility requirements of office and light industrial business operations.

## FAST FORWARD TO TODAY

The Fort Washington Office Park is experiencing a greatly changing landscape. Local, regional and international businesses continue to value the Office Park's lasting legacy of an attractive suburban setting with open spaces and mature trees in an unparalleled location.

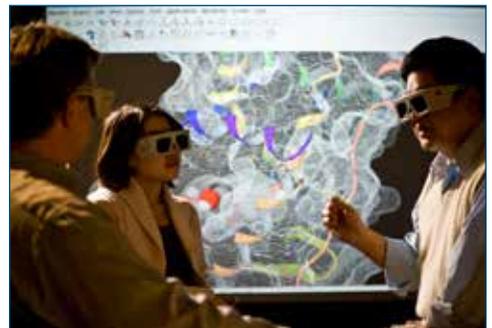

This regional commerce center consists of **97 properties** containing roughly **4.5 million** square feet of commercial space, including:

- Class A offices facilities
- Research labs
- Back-office operations
- Distribution
- Manufacturing
- Hotel
- Restaurant
- Community services
- Recreational uses.

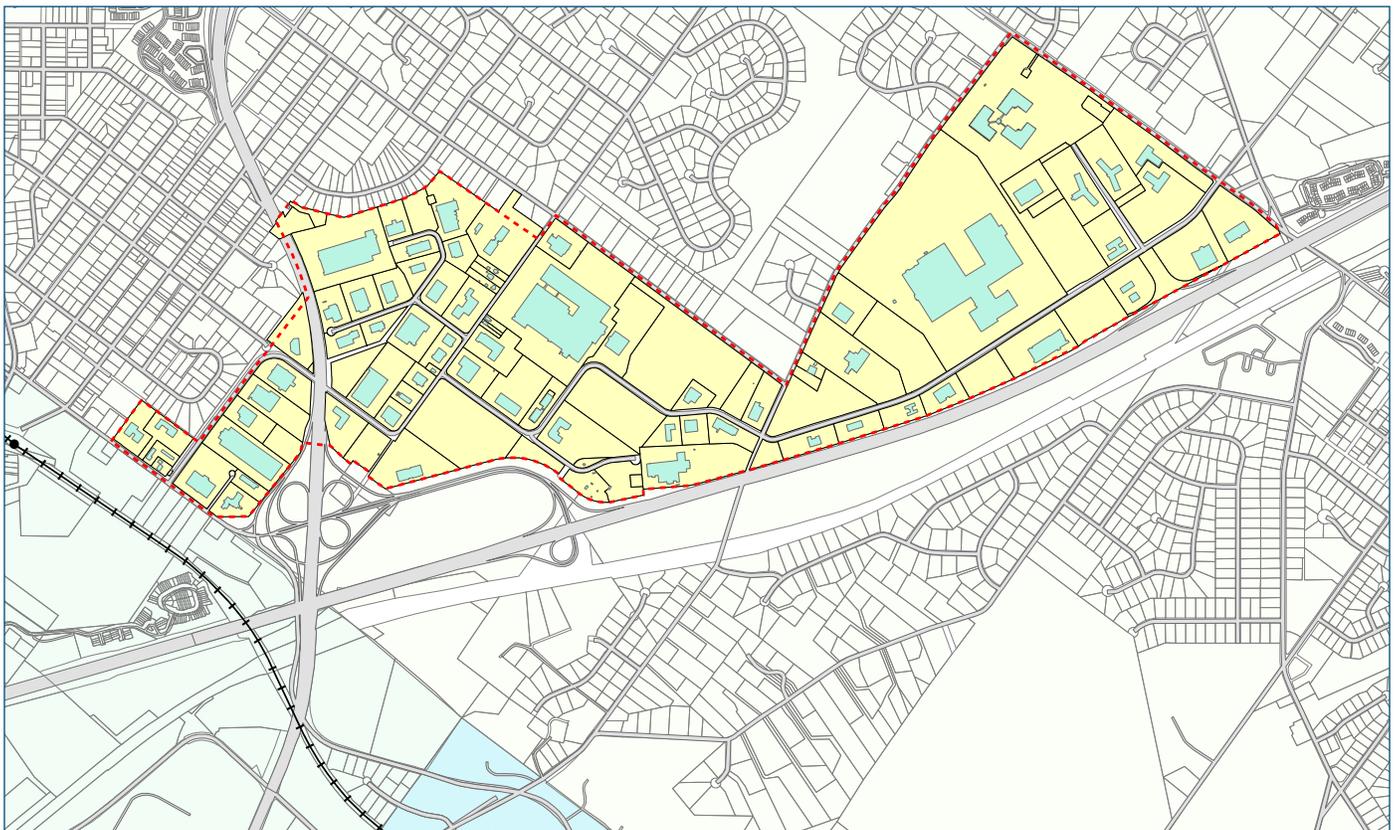

Ultimate development resulted in an aggregate investment of more than \$500 million and yielded employment of **14,000**.

*Vitae Pharmaceuticals molecular modeling meeting*

---

## CORPORATE LOCATIONS

A variety of facilities are now available for office tenants, ranging from Class A, corporate headquarters-grade to back-office operations and flex space. Great location, competitive pricing and a wide range of amenities make Fort Washington Office Park a great choice.

---

## DEVELOPMENT OPPORTUNITIES

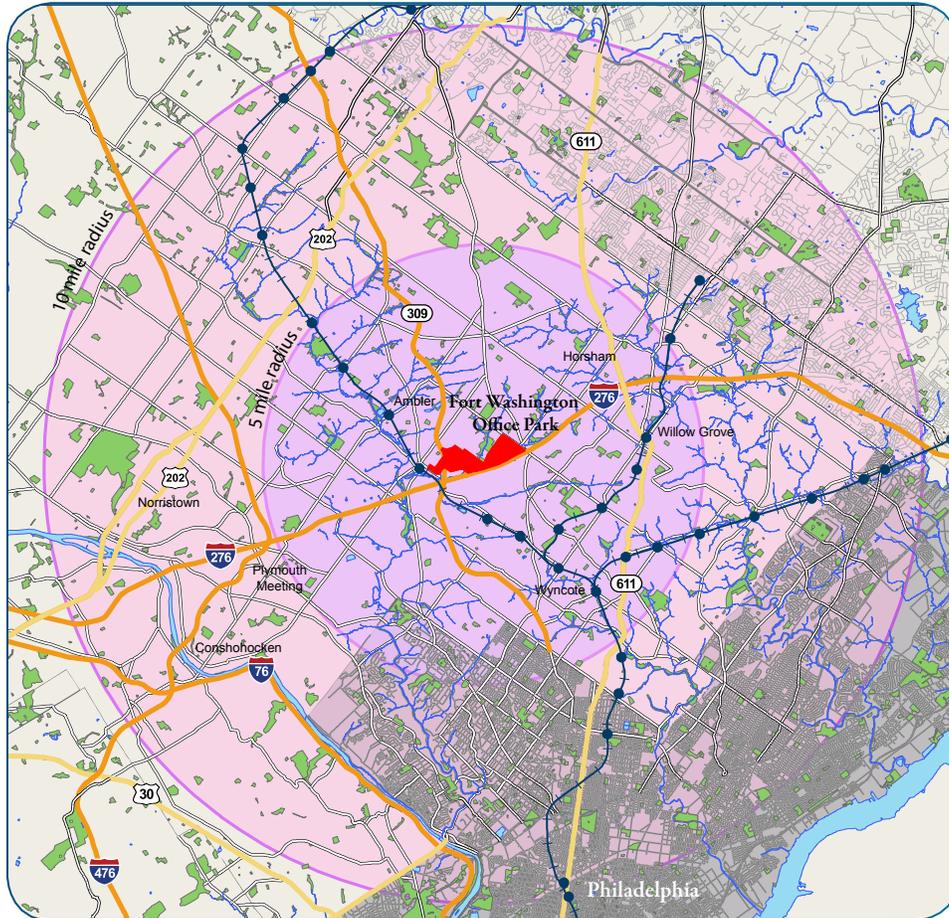

New opportunities for mixed-use, multifamily housing, restaurant and hotel development are now available, through Upper Dublin Township's new Transfer of Development Rights (TDR) ordinance. This innovative zoning tool enables higher-density redevelopment in the park, through the creation and transfer of development credits. Please refer to the [interactive map](#) to view sites for possible development.

# REGIONAL ACCESS AND TRANSPORTATION

## Interstate Highway System

Immediate access to the PA Turnpike is currently available with two interchanges serving the office park, one at either end. Immediate access is available, via the PA Turnpike full interchange (Exit #339) and PA Route 309. The Fort Washington full interchange serves the western end of the park at Pennsylvania Avenue, and the west-bound EZ Pass slip ramp provides quick on and off at Virginia Drive. Along Route 309, a major multi-year project was completed to replace interchanges and ramps.

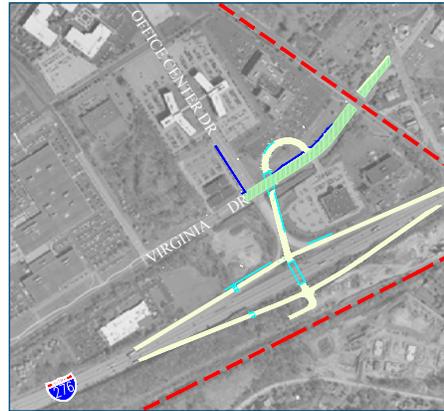

## Public Transit

Fort Washington SEPTA regional rail station and commuter-link bus routes serve the park. The commute by rail from Suburban Station, Philadelphia is 30 - 37 minutes.

## Airport Access

Philadelphia International Airport is 25 miles away, with train connection by regional rail. Corporate air service is available via Wings Field and Northeast Philadelphia airports.

# ASSET REINVESTMENT

## Transportation Infrastructure Improvements

Approximately \$60 million of state and municipal funding is being reinvested to improve the Fort Washington Office Park, including:

- PA Turnpike “zip ramp” - feeding from the Fort Washington interchange directly into the Office Park at Commerce Drive
- PA Turnpike eastbound slip ramp at Virginia Drive - on and off ramps - proposed
- Roadway redesign and resurfacing through the Office Park
- Reconstruction of three bridges in the Office Park
- Cross-County Trail system linking the Office Park to the Fort Washington Train Station - in development

## Stormwater Management

Major public investment in the Fort Washington Office Park began in 2013 with Upper Dublin Township’s completion of two massive dry dams upstream from the Office Park, on Pine Run and Rapp Run. These systems are now in place and effectively providing flood reduction as designed.

The dams’ effectiveness have received early indications based on several recent heavy rainfall events:

- April 30, 2014: 3.9 in rainfall in 24 hours (5 to 10 year storm event)
- June 10, 2014: 2.5 in rainfall in 90 minutes (5 to 10 year storm event)

Results: there were no downstream road closings from stream overflows and no significant damage to properties in the Office Park.

# DEMOGRAPHIC HIGHLIGHTS

## Human Assets/Workforce

The immediate area is home to a **highly-educated workforce**, with a broad range of professional skills and experience. Here are some key stats:

Source: 2013, US Census American Community Survey estimates.

## NEW BUSINESSES AND DEVELOPMENT PROJECTS

Exciting new businesses and new uses are coming to the Office Park:

- **Life Time Fitness** – this luxury-tier fitness facility is under construction. The two-story, 112,000 s.f. structure will include indoor and outdoor pools, weight and cardio areas, group fitness studios, racquet and basketball courts, a spa/salon, cafe, daycare and outdoor dining and lounge areas.
- **Dresher Commons** - \$12 million new mixed-use project - with 24 rental townhouses and 40,000 square feet of retail, restaurant and office space, including a CVS Pharmacy and a Chipotle Mexican Grill.
- **TruMark Financial® Credit Union** – corporate headquarters for financial services company; leased entirety of 335 Commerce Drive – 75,000 square foot, Class A office building.
- **Lincoln Investment Planning, Inc.** – also a corporate headquarters for financial services company; leased 48,000 square feet of Class A office space in the Apex Fort Washington complex at 601 Office Center Drive.
- **Impax labs** – lease of 49,000 square feet of Class A office space in 601 Office Center Drive. This office complex has recently received a \$5 million upgrade with new amenities.
- **Michael Baker International** – sublease of 10,000 square feet of office space at 500 Office Center Drive for the regional office of engineering, planning and consulting firm.
- **Clear Choice Dental Center** – lease of 7,000 square feet of office space at 501 Office Center Drive for specialty dental practice.

*“The Fort Washington Office Park is an excellent location for our graduate program in Pharmaceutical Regulatory Affairs and Quality Assurance. Its proximity to the area’s surrounding pharmaceutical industry draws students from many area companies, including research and development firms and manufacturers. Easy access to the PA turnpike and Route 309 enables students from the tri-state area to commute to our Ft Washington campus on weekends and weeknights to participate in our courses.”*

**Wendy Lebing, MALD, MS**  
Assistant Dean  
Regulatory Affairs and  
Quality Assurance Graduate Program  
Temple University School of Pharmacy

*“The Fort Washington Office Park is an excellent location for our company and our employees with its access to many major highways, such as the Pennsylvania Turnpike, and local train station. As well, this location afforded us the opportunity to bring the entire company, including our call center, under one roof. The local green space, restaurants and communities are also a great fit.”*
